Invest in your Future

Dear Prospective Stakeholders,

As Global Environmental Concerns have brought us to a point of considering 'One World – One nation; more seriously. In our part of the world 'Veecon Group'; now known as 'JK Srivastava Group' is a Trusted Name for pioneering in innovative solutions towards ecofriendly infrastructure and technology for overall transformative development in meeting the agenda of Climate Change. Participative approach towards Nation Building by synchronization of our programs and application, including R&D projects with those currently in line with the government such as Make-in-India, Carbon Neutrality (By 2050), Energy Conservation and Energy Transformation, Biofuels (Corn and Sugarcane), Deployment of State-of-the-Art Technology for Gas Generation, Purification, Storage and Application in an eco-friendly

We are committed to protecting environment and finding eco-friendly solutions.

manner be it Hydrogen or Green Ammonia. 'JK Srivastava Group' is poised to move in this direction.

The content shared in this brochure is just indicative of our vision, mission, and the zeal to continue in the domain areas of eco-friendly technology and infrastructure. On specific highlight; 'Hynfra PSA, Poland is a technology integrator, system designer and project developer. JK Srivastava Group over the period has designed and developed cutting edge installations for the production and use of Green Hydrogen and green chemicals (i.e., green ammonia & green methanol).

We Can Help and Our Teams are Geared Up.

'One World-One Nation', the company is developing projects of large dimensions in the areas of Hydrogen and Ammonia installations worldwide. JK Srivastava Group believes that for consistent and continuous performance, as a management strategy a '360 Degree' approach is necessary to abide by. It is aimed at helping all involved and associated with the Group be it employees, stakeholders associated with the Group or the society at large. This has helped us to retain and build Skill, Knowledge and Attitude of our associates in continuing with our vision, mission, and action plan over the decades.

JK Srivastava Group has acclaimed the coveted niche of the company through the dedicated support of it's associates at various levels be it at Government Level, PSU companies, Suppliers, Developers and the End-Users, i.e. Our Esteemed Customers.

JK Srivastav Group well recognises it's CSR mandate, much earlier than the mandatory corporate feature, and has helped the society webbed through its 24x7 Nationwide News Network, Resource Building through a dedicated academy and uplifting the National Pride through composition of Devotional and Indian National Songs.

JK Srivastava Foundation is a Group where Minds, Mettle and Machines mingle to evolve solutions to steer into the future.
